### SUMMARY

Designer since 2006, I'm a cross-functional collaborator living in México, art creative, web designer, multimedia designer, sort of videogames designer, advertising & campaigns, editorial, graphic, illustration, web developer, Self Project Founder: Electronic & Cultural Events Organization, Co-funder of Universidad del Reino Unido an online University. I'm able to lead the creative strategy for a core product team. I prefer to invest in building a great team and setting that team up for success. I can provide feedback at every level—from strategy to UI—and can also roll-up my sleeves and dive into the work..
